This *invite only* 1.5 day meeting is under the auspices of the Europeana DSI2 and is organised by Europeana Foundation and the Ministry of Education through the National Archives in Malta during the Maltese Presidency and will take place at the Conference centre of Hagar Qim on 23 and 24 May 2017.

This Presidency meeting is a high-level strategy meeting, primarily targeted at policymakers of EU member states, as a means to raise awareness among them about what Europeana does and how it can help them in their own work. So far, we've organised meetings on the (re-)use of digital cultural heritage in four domains of Research, Tourism, Education and the Creative Industries. At these meetings, policymakers and experts in the respective fields discussed ways to stimulate and facilitate this re-use.

The purpose of this event is to build on the "Europeana for Education Policy Recommendations" designed in May 2015, and more specifically "Recommendation II. Prioritise the provision of 'Fit for Education and Learning' content by cultural heritage institutions and ministries".

The event entitled "Migration and Culture: how can our past educate our present" will address how Cultural Heritage Institutions can better cater for migration themes to address the requirements of the community of educators.
